ÖZLEM ALTIN

holding, containing

OPENING: SABATO 3 MAGGIO, 2025 - dalle 16 alle 20
MAR. - SAB. 11 - 14 / 15 - 19 solo su appuntamento

SpazioA è lieta di presentare, **sabato 3 Maggio 2025, *holding, containing***, la seconda mostra personale di **Özlem Altin** in galleria, che segue *Interiore* del 2016, concepita per la project space della galleria. Altin ritorna in Italia, dopo la partecipazione alla 59a Biennale di Venezia, a cura di Cecilia Alemani.

*Non proprio, non ancora nominata,
una fluttuante presenza si agita
al confine tremolante della forma.*

*Racchiusa in una muta affermazione,
si ripiega su sé stessa, si protende al di fuori
in un ronzante mormorio.*

*Respiro sommesso, tessuto scarlatto,
pulsare di cavi.
Senza peso, senza fissità.*

*Ricordi sepolti nella carne che canta.
Nel pigmento un istante si addensa,
poi si dissolve.*

*A mani aperte, la vita si dispiega —
racchiudere, contenere, avere dentro,
onde di divenire.*

La mostra “holding, containing” (“racchiudere, contenere”) presenta nuovi lavori che delineano una soglia, un momento di nascita e trasformazione. Le forme cambiano, come se ancora non fossero propriamente esistenti, ma soggette a intensificarsi con una forza silenziosa. Figure spettrali affermano la loro presenza stirandosi, dipanandosi e racchiudendosi, tracciando all’interno dei propri corpi il ritmo del divenire.

Con colori tenui che riecheggiano le tinte della carne, della pelle e dei tessuti, questi quadri e disegni incarnano la vulnerabilità come la forza, intrecciati in filamenti di contatto. Negli strati trasparenti di pigmento risuona la loro applicazione delicata: ogni pennellata un gesto che materializza, come se chiamasse qualcosa all’esistenza.

Siamo invitati ad assistere a processi di alterazione e fluida trasformazione. Immagini e motivi si ripetono e ripresentano in diversi lavori, modificati, mutanti. A livello simbolico, l’installazione evoca la complessità di densi paesaggi emotivi – fuggevoli, eppure sentiti nel profondo – che riflettono l’esperienza intensa di contenere, rilasciare e divenire.

ÖZLEM ALTIN

holding, containing

OPENING: SATURDAY 3 MAY, 2025 - from 4pm to 8pm
TUE - SAT 11am - 2pm / 3pm - 7pm or by appointment

SpazioA is proud to present ***holding, containing***, the second solo exhibition by **Özlem Altin**, opening on **Saturday, 3 May 2025**. This exhibition follows *Interiore*, which the artist created for the gallery's project space in 2016. Altin returns to Italy, after her participation in the 59th Venice Biennale, curated by Cecilia Alemani.

*Not quite yet, not yet named,
a fleeting presence stirs
at the trembling edge of form.*

*Enclosed in quiet affirmation,
folding inward, reaching beyond
in a whirring hum.*

*Soft breath, scarlet fascia,
a pulse of wired chords.
Weightless, not fixed.*

*Memories buried in singing flesh.
In pigment, a moment thickens,
then dissolves.*

*Hands open, life unfolds—
to hold, to contain, to have within,
waves of becoming.*

The exhibition “holding, containing” presents new works that trace a threshold—a moment of emergence and transformation. Forms shift, not fully there yet, but intensifying with a quiet force. Ghostly figures affirm their presence by stretching, unfolding, and enclosing themselves, drawing into their bodies a rhythm of becoming.

Through soft colors echoing the tints of flesh, skin, and fascia, these paintings and drawings embody both vulnerability and strength, woven into strands of connection. Transparent layers of pigment resonate with a subtle application—each stroke a gesture of materialization, as if pulling something into being.

We are invited to witness processes of change and fluid transformation. Images and motifs repeat and reappear across different works, altered, shape-shifting. Symbolically, the installation evokes the complexity of dense emotional landscapes—fleeting yet deeply felt—reflecting the profound experience of holding, releasing, and becoming.
